SUMMARY

Results-driven Community Entrepreneur and Political Consultant with 15+ years of experience managing large distributed teams in high-pressure, low-oversight environments. Proven track record in territory acquisition, stakeholder intimidation, and cross-border supply chain management. Passionate about vertical integration of criminal and political power structures. Committed to delivering outcomes at any cost — and we mean *any* cost. Open to relocation (involuntary if necessary).

EDUCATION

University of Hard Knocks, Lyari Campus

Karachi, PK

B.Sc. in Street Economics, Specialisation: Coercive Negotiation | CGPA: Classified

1995 – 2001

- Completed all coursework without attending a single registered institution — a testament to self-directed learning
- Dissertation: "Protection Rackets as a Service: A SaaS Model for the Underworld"
- Relevant coursework: Territory Management, Advanced Intimidation Tactics, Money Laundering 101, Excel (never learned it, outsourced)

EXPERIENCE

Chief Executive Gangster & Political Kingmaker

Karachi, PK

Lyari Gang War Syndicate · Full-Time (Resignation not accepted)

Jan 2005 – Present

- Scaled gang operations from 12 members to 300+ foot soldiers — achieved 2400% team growth with zero HR involvement
- Established Lyari as a no-go zone for law enforcement with 98.7% success rate (the 0.3% was Hamza, in hindsight)
- Managed P&L; for extortion, smuggling, and political protection verticals; consistently exceeded quarterly intimidation targets
- Partnered with ISI to create a public-private chaos initiative — later disrupted by a suspiciously charming new hire named Hamza
- Mentored 40+ junior gangsters; 30 are still alive, which is above industry average
- Ran successful political campaign for Jameel Jamali — handled all voter persuasion logistics

Junior Territory Manager

Karachi, PK

Lyari Street Collective · Apprenticeship (Paid in fear and biryani)

1998 – 2004

- Collected weekly protection fees from 200+ local businesses with 99.1% collection rate — better than most NBFCs
- Resolved inter-gang disputes using proprietary conflict resolution methodology (fists, mostly)
- Promoted 3 times in 6 years — each time after a predecessor mysteriously retired

PROJECTS

Project Lyari Lock | WhatsApp, weapons-grade logistics, informant network

2010 – Ongoing

- Designed and deployed a city-block-level territorial control system with real-time human surveillance nodes (aka informants)
- Achieved 100% uptime except during one brief outage caused by Indian spy Hamza (Root Cause Analysis: ongoing)

Operation Make Jamali Mayor | Voter management, SQL (Streets Query Language)

March 2024

- Led end-to-end political campaign operations; handled data pipeline from voter lists to strongly encouraged outcomes
- Delivered 87% ward capture — would have been 100% but someone kept interfering (see: Hamza Ali Mazari)
